## BACM Industries Drafting Sanitary Landfill Project

BACM Industries Ltd. recently received approval from the Provincial Board of Health to proceed with plans to operate a commercial sanitary landfill site. The Board of Health has already approved the preliminary outline plan of the sanitary landfill operation located between 170 Street and 156 Street just south of 137 Avenue. The site of the proposed sanitary landfill operation is located on lands owned by Inland Cement Co. Ltd., a subsidiary of BACM Industries Ltd.

Before the commercial sanitary landfill business becomes operational, the Board of Health awaits a detailed report from the applicant outlining plans under which the sanitary landfill site will be operated. Mr. L. E. Stewart of the Board of Health told The Gazette that the report will have to spell out in detail

how BACM Industries Ltd. . . . the applicant in this case . . . plans to handle refuse, cover same, apply controls "and in other words, conduct its operation."

Mr. Stewart said if the Board of Health is satisfied that plans as outlined in the applicant's report comply with regulations, a permit will be issued. It was further pointed out that price scheduling was strictly negotiated between the operators of the sanitary landfill concern and its customers under contract, however, the Board of Health would keep a sharp eye on this particular operation because, it promises to become one of the largest commercial concerns of its kind in Alberta. Mr. Walter Kuhn of the Golden West Golf Course, who has not related in his opposition to the Town of St. Albert's quest to acquire

lands for a sanitary landfill site just west of the golf course, was jubilant when he was asked to comment on the prospects of the new commercial undertaking.

Mr. Kuhn repeated the testimony he gave at the public hearing . . . in essence that "a garbage dump has no business adjacent to a golf course and if the St. Albert sanitary landfill site proceeds as planned, that will spell the end of Golden West as a recreation area."

Mr. Kuhn further applauded the proposed BACM commercial landfill operation and sincerely hoped it became operational very soon and attractive to St. Albert Council.

"I hope the new BACM landfill site gets going soon and that St. Albert forgets about the other site and dumps its garbage at Please turn to page 4.

## World Champ Bronc Buster May Compete In Kin Rodeo

World double bronc riding champion Mel Hyland of Surrey, B.C., is among the cowboys expected to compete June 16 - 17 in the St. Albert Kinsmen Rodeo 112.

Hyland, one of the smallest cowboys on the professional circuit, won the all-around cowboy title last March at the Canadian Western Rodeo in Edmonton.

Not only is Hyland holding his own among the top three in two riding events

on the current Canadian circuit, he is 13th in world all-around standings with more than \$8,000 won.

In Canadian standings, Hyland is third in both saddle bronc and bareback riding events. The 5'6", 135 lb. Surrey cowboy has been competing in Alberta and B.C. rodeos this season while polishing his new skills in bareback and calf roping. The determined little rodeo hand has his sights aimed on the world all-around championship within the next year or two. Hyland has 1,621 points in

the saddle bronc event which is led by Jerry Sinclair of Lloydminster, Alta., with 2,311 points. Sinclair won the 1971 Calgary Stampede and Canadian SB titles.

The 1971 Canadian SB and bareback champion Tom Bews of Pekisko, Alta., is second in BB with 1,896 points.

Allan Thorpe of St. Albert leads the bareback standings with 2,146, with veteran Jim Clifford of Edmonton second at 1,745. Hyland is third with 1,432 points.

## Eloise 2, Family Houseboat Launched During Weekend

Despite occasional showers during the weekend, Maurice Belley of 57 Sturgeon Rd. and his family thoroughly enjoyed the official launching of Eloise 2 on the waters of Moose Lake, about 170 miles north east of St. Albert. The launching, complete with all traditional liquid christening, brought to a successful conclusion the eight or nine months it took to build the 40-foot

houseboat.

Proud proprietor of the modern house boat, Maurice Belley is the owner and general manager of Northwestern Mechanical Installations located at 12915 - 146 St., Edmonton. His father Napoleon Belley of 21 Belmont Drive and uncle Simon Belley of Edmonton, are both retired craftsmen. The two senior brothers, finding time in retirement

hard to take after having led very active and productive lives, pleaded with Maurice for a no-pay job "just to keep busy." This proposal suited Maurice just fine because he and his family enjoy their summer home on Moose Lake and have been dreaming of building a houseboat. Late last fall, while using floor space, equipment and materials from Northwest-

ern Mechanical Installations the two senior brothers started on the production of Eloise 2. Napoleon drew the prints, Maurice put all the framing together while portions were being designed. Surprisingly, the project moved along quickly, both brothers devoting many hours every day getting the giant houseboat together under the anxious eye of Maurice. Soon as time permitted, Maurice lent a hand until last week Eloise 2 was completed and ready for the big test, which she passed with flying colors this past weekend.

Eloise 2 after launching last Friday joined Maurice's fleet comprising of a stern-wheeled fishing raft, a

## NDP to honor Chester Ronning

When the Provincial Council of the New Democratic Party meets in Camrose June 9 and 10, the highlight of the session will be a testimonial dinner at 6:30 p.m. Friday evening to honor Chester Ronning.

Mr. Ronning is a former High Commissioner to India, Ambassador to Norway and Charges d'Affairs to China. He was the first provincial leader of the CCF in Alberta and a member of the legislature from 1933-35. He led the CCF here from 1938 - 43.

Guest speakers at the dinner will include Mr. T. C. Douglas, past federal leader of the N.D.P. and Mr. Max Saltzman, party finance

critic. Interested people may contact the N.D.P. Edmonton office for tickets.

## No fire - it's Raku

If the residents around Salisbury Park wondered what the Crafts Guild were doing in the parking lot on June 2nd, they were not trying to set fire to the Arts Centre. They were taking part in an outdoor firing using an ancient Japanese method called "Raku," in which the glazed pots are heated in an outdoor kiln and then plunged, first into a reducing agent, such as

sawdust, and then into water. The results are quite different from those obtained by regular firing methods. This particular firing was quite successful, and since it was a first for the participants, all were pleased with the results. More Raku firings may be done by the Arts and Crafts Guild if members are interested in the future.

Sgt. J. A. (Art) Trace, a member of the RCMP for over 21 years has been posted to the St. Albert detachment and started his new duties here last Monday, June 4. Sgt. Trace comes here from Edmonton where he has just completed a two year plainclothes assignment in charge of the immigration and passport section. Sgt. Trace is married and has four sons and one daughter.

Eloise 2 as seen the day before it was launched on the waters of Moose Lake, a resort located about 170 miles northeast of St. Albert. The modern houseboat is owned by the Maurice Belley family of 57 Sturgeon Road, St. Albert. Launching, complete with all traditional ceremonies were held last Friday to the cheers of family, relatives and friends.

## It's time to shut the door on the foot!

The tax bite is getting too severe! For the working people and for small businessmen - which includes nearly everyone in business in St. Albert,

An active member of an eastern accounting firm - who also teaches the subject - speaking on the new income and corporate tax legislation, said that "in effect it forces every small businessman to take government in as a 50 per cent partner." In Alberta small business provides 60 per cent of jobs.

Look at the tax bite from the employee's position. Getting a raise is often of little use in coping with rising food and housing costs. A St. Albert resident tells of receiving a fair raise which netted him a take-home increase of \$20 for the year. The tax bite ate up his raise.

The people must examine what they are receiving for tax dollars. Is society demanding too many government services from Federal, Provincial and Municipal governments?

Not likely, as far as Canadians are concerned. What is probably happening is that four political parties spending millions on sophisticated election campaigns are selling government services the way advertisement agencies sell 412 kinds of toothpaste. Under this mind-numbing, psychological manipulation, people are conditioned into believing that happiness is "freest breath in town" - or even more dangerous - that government services are free!

Something else that needs a close watch by the public is the insidious and perpetual growth of impractical programs that look good on paper and sound great on the hustings.

The social program that offers what appears a good service at reasonable cost - and then mushrooms into a bureaucratic gulper of public funds when implemented. Unemployment insurance - family allowance - so much money goes to those that don't need it that the people in real need don't get enough help.

At the community level also, a government service can start to help a relatively small but real area of need. And then the "Foot in the door" formula starts to work - an empire building organization mushrooms - and administration costs and paper work take a healthy chunk of the government funding.

Health and education are the giants - taking by far the biggest share of public funds in Canada. But do people really need to run to their doctor with every sniffle and scratch? or do they do it because it APPEARS to be free?

Do we really need to acquire more basic knowledge - not only skills - but knowledge in school.

Learning should be fun - of course! That doesn't mean substituting a swim pool for the kind of teaching that can make every subject fun. In the age of television and highly educated parents why in the name of reason would society support the concept that schools should develop the "whole" child - a very expensive concept which shuts out parents and the community.

Or why the concept that government should provide funds for the SOCIAL development of these same educated adults? Here in St. Albert the average income is upwards of \$12,000 per year, reflecting an educated citizenry who are just as capable of looking after their own social development as anyone else. These same citizens have shown in every area that they are both willing and capable in serving community needs, as individuals and as members of organizations.

Council is in a position where it must decide what to do with the P.S.S. (Preventive Social Services) program. Unless it can be unmistakably demonstrated that P.S.S. has had a measurable impact on the 15,000 residents the program should be terminated now.

The Help Society program could be funded as approved by Council. It pre-dates P.S.S. and has proven its value.

..HONEST DOC...ALL I DID WAS PULL UP BEHIND HIM AND BLOW MY AIR HORN...!

Is the Day Care a service for children who would otherwise suffer neglect - or is it mainly a cheap babysitting service for parents, both of whom are working? Has the latest L.I.P. grant - applied for by P.S.S. had any real effect on St. Albert's environment - youth - or senior citizens? - It cost \$11,618 in public funds.

Council is considering these questions.

The 43-page report of the Director of P.S.S. reflects attitudes that should result in her discharge by Council.

The attitude that the service should be autonomous - and bypass the financial scrutiny of the town administrator is one. The town hires the service, and the director and should INSIST that the administrator has financial supervision of the entire program, which operates entirely on public funds.

An empire-building attitude shows up frequently in the director's report. Who are all the "Status Quo" people referred to in the report who "oppose redistributing POWER?" - What "power" should a social development program have over any people - status quo or otherwise?

The need is expressed for a "Positive" vehicle for public relations - which would presumably only reflect "positive" results and would effectively eliminate any negative (or critical) statements.

And why in the name of commonsense would a preventive social service director's report state that "a proposal for a social worker and public health nurse to be placed, through federal funding, in each of two medical clinics in St. Albert is causing a wait and see approach and a SLOWING DOWN OF ENTHUSIASM for P.S.S."

Shouldn't they be welcomed with open arms by anyone interested in social services for St. Albert?

The statement in the report that St. Albert is entitled to P.S.S. services could be turned around - Is St. Albert in need of it? Truly disadvantaged areas need a great deal more help - more Day Care - more research - more social workers and more money.

Wetaskiwin Council is having a look at their P.S.S. program and asking "What are we getting for our money?" A recent series of articles in the Athabasca Echo raised many points questioning the value of social development services and philosophy.

St. Albert could be spared the P.S.S. tax bite. And somewhere people have to take the initiative to curb all forms of surplus spending of public funds.

It is clear that volunteers and local organizations are doing more preventive service work in St. Albert than the P.S.S. program.

The authority and the decision rests with council - the people only foot the bills, which rest assured will multiply with every passing year!

## Concerned with growth

The Editor:

"Where are we going as a community," Councillor Myrna Fyfe asked at last week's Committee of the Whole Council meeting. Ms. Fyfe is concerned--concerned about growth, in particular growth-at-any-cost, transportation, traffic, services, utilities, etc. She voiced this concern by moving that Council hold a special meeting, or perhaps a series of meetings, to discuss all aspects of growth and its effect on our life style. Unfortunately her colleagues do not share this concern. Town Council turned thumbs down on the Fyfe motion, Pity.

His Worship Mayor Gibbon, in speaking against the motion, said the Town is hiring a Town Planner who will be asked to come up with a General Plan for the Town. Mr. Gibbon termed Councillor Fyfe's request for discussion of this matter at this time "pre-mature." (If my memory serves me correctly, it was on March 20, 1972, that Council first agreed to have a General Plan prepared).

Right on, Town Council! Time enough to discuss the philosophy of development and the Town's future after much time and money have been spent. This is right in keeping with our back-ward thinking Town fathers whose

attitude has been to order a job done and when the final results are not what had been anticipated, they then set out guidelines and terms of reference and start all over again.

Ms. Fyfe, after her motion was shot down, said she was "disappointed"--hopelessly she will keep plugging away and perhaps those citizens who share her concern at the rate of our community by the developers, will stand up and be counted--1980 and 35,000 population are not all that far away.

Hennie Stibbe.

## Honest young people

The Editor:

On May 26 I lost a folder with my driver's license and several credit cards in St. Albert. On June 2nd two young people, whose names I neglected to get, returned the folder to me intact.

Thank you both. If you read this, please come back to 28 B.D. Drive after 6 p.m. I'd like to talk with you.

## Wants school music

The Editor:

I wish that all representatives of both St. Albert school boards had been at the Lions Park last Thursday night to hear a performance by the A. D. Rundle School Concert Band from Chilliwack, B.C. Maybe then they would have seen the merit behind the initiation of a school music program in our town. The Chilliwack band is a shining example

of what can be achieved, even in smaller communities than ours. For years there has been talk of a music program in our schools but the school boards have been unwilling to spend what is needed to start an adequate program. Well, school board members... every year that you delay, the cost of starting a band program increases greatly.

For many years, however there has existed a music program for which there has been very little support. I am referring to the community band of which I have been a member for over seven years. This band, now sponsored by the St. Albert Breakfast Lions Club originally began as an extra-curricular school activity and initially had great deal of support, but over the years the public's apathetic attitude has dwindled the membership and popularity of the band enormously.

I think it is the duty of every citizen to support such worthwhile community activities as the band and to fight for a fine music program in the schools. I am sure that you do not want your children deprived of this important cultural experience, as has happened to so many for so long, and I sincerely hope that my viewpoints are shared by a great many St. Albert residents.

Cameron Willis.

The idea of enlisting volunteers to give the youngsters a ratio of about one instructor per three youngsters was put into action by Barb Munroe last spring and is being carried on by Joanne Resler (at left) this season, along with Pat Dobko, Val Cook and husband Fred Resler in co-ordinating. 45 youngsters attend at a time, and a main objective is to make them comfortable in all water situations, such as the deep water group shown. With four or five lessons under their belts most of the youngsters have also been off the diving board.

## Eloise 2

family power boat and even a canoe.

Upon delving deeper into the Bailey family fleet, it was learned that the new houseboat was christened Eloise 2 because Maurice's wife Eloise had to put up with a lot and exercise much patience with her husband, father-in-law and uncle while the boat was being built. As a peace-offering Maurice over-ruled his son's suggestion to name the houseboat 'The Wan-

derer' and named it Eloise 2. In retaliation the son got even with his dad and painted the summer home 'rest station' Eloise 3.

Eloise 2 'The Boat' measures 40 feet in length, 10 feet in width and rests on two giant pontoons. These pontoons are pneumatically sealed into four-foot sections, independent one from the other.

The giant craft weighs 10,400 lbs. Sitting on two giant pontoons, Eloise 2 draws an average of 15 inches of water and is designed in such a way where its centre of gravity lies below the actual floor of the boat, thus stability is enhanced even during anticipated storms. The craft itself affords comfortable quarters for six persons, complete with bunks, galley bathroom and plenty of deck space for fishing, sunning

or just lazing around.

The Bailey houseboat, with all its modern features and dressed up in rich panneling, complemented with bright pastel colors and all, suggests luxurious holiday facilities most people dream of.

## Saints first home game Thursday at Mission Park

St. Albert senior baseball fans will finally get a chance to see the Willowbrook Saints in action this season, when the Saints play their home game of the season Thursday night at Mission Park diamond. Saints have split their first four away games with the most recent being a 23 - 12 win over Fort Saskatchewan Monday night.

Saints opposition Thursday night will be the Edmonton Cardinals who will have Chicago Black Hawks star Dave Kryskow in the lineup. Kryskow is an excellent chucker and will no doubt see some action.

The Sunburst League has two new entries this season with Fort Saskatchewan and Canative joining Leduc, Camrose, Cardinals, St. Albert, Blue Willow, Colts, Burns and Edmonton City Police.

The Saints are again sponsored by Rudy Scheibelhofer well-known St. Albert sportsman and president of Willowbrook Homes. Rudy will also handle the managerial duties while Rene "Max" Pouliot will look after the equipment and catch the odd game.

Larry Murray is back for his second year as coach and has all around versatility will see him play a number of positions.

Last year's infield will

LOUIS MARTINEAU

CHESTER CUNNINGHAM

be almost the same with only a couple of changes. Rick Pugliese is back behind the plate after spending last season with Morinville in the North Central league. His hot bat will win a few games.

On first will be the veteran Arnold Bailey who is like a bottle of good wine - he just gets better with age. Bailey is the Saints leading hitter and also helps Murray with the coaching.

Second base will be well manned by Chester Cunningham, moving over from third.

Larry Wolbeck will remain at shortstop while Henry Hodgson moves to third.

Saints got some good news

this week when everybody's favorite, Louis Martineau, called off his retirement plans. Martineau is an all-star outfielder and better than average catcher.

Also in the outfield will be holdover Hank Reinbolt and Don Hodgson.

Heading the pitching staff will be Wayne Biggs with Terry Styles and Fred Resler in reserve. Styles is a newcomer while Resler took last year off to go fishing.

Saints, with a little luck from their pitching staff could have an excellent season. Their next league game will be Monday in Leduc with Canatives here on Tuesday.

## Rams keep top spot

St. Albert Rams Intermediate lacrosse team kept on top of their league despite a 6 - 6 tie Friday in Sherwood Park. The Rams top rivals, the North Glenora Blues stayed right behind them with a 9 - 4 victory over South Edmonton. The Rams and the Blues meet this Friday at Tipton Park in Edmonton. The Blues will be looking for revenge as the Rams pulled out an exciting 7 - 5 victory last time the teams met in St. Albert.

In the 6 - 6 tie against Sherwood Park, the Rams

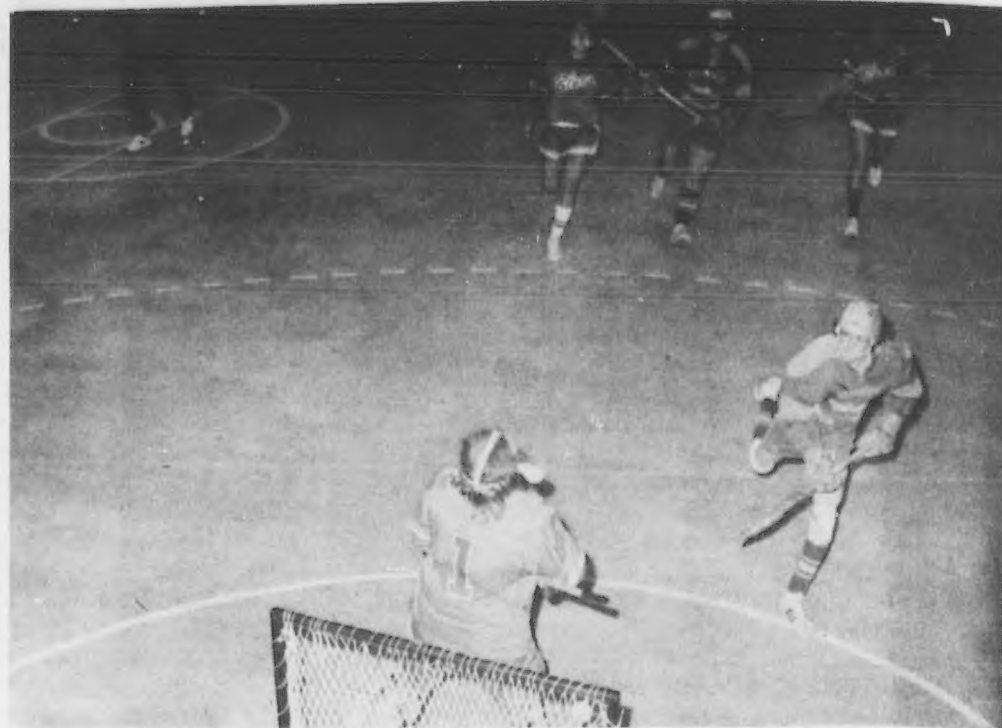

were down 3 - 1 after the first period as Ron McHenry scored the only Rams counter. Jim Tayler and McHenry got the Rams going a little bit in the second period but they were still down 5 - 3 going into the third period. Finally the Rams got it going. Dave Coglon, Jack Bradey, and McHenry again scored as the Rams outplayed the Sherwood Park team in the third period.

The Rams, playing in one game of the doubleheader every second Monday night, meet the South Edmonton

team at 8:30 in St. Albert, June 11th.

## Konkolus sparks Jets in five-game winning streak

St. Albert Golden Jets continue to be undefeated in the Alberta Major Lacrosse League. Last Tuesday the Golden Jets, defending senior champions of Alberta, drew an 8 - 8 tie with the North Glenora Blues. Barry Konkolus led the Jets with three goals while Pat Niblett had a couple. Brian Pederson scored one goal and assisted on all three of Konkolus' goals. Doug Parsons, returning to action after three weeks on the injury list, scored one while Lee Carlyle counted another.

On Sunday the Golden Jets gained their fifth victory with an impressive drubbing of the Beta Well Riggers 15 - 7. Barry Konkolus was the big gun again for the Jets as he scored a remarkable seven goals, four in the third period. Brian Pederson was also hot as he counted two goals and five assists. Russ McFall contributed six assists as he played in his first game since mid-May. Peter Sonn-

en and Doug Parsons also scored two while Don Konkolus and Al Dubeta both counted singles.

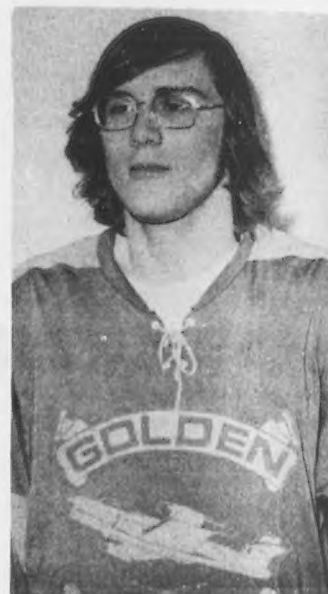

The Golden Jets defend their title this weekend when the Beta Well Riggers seek revenge for that 15 - 7 loss. The Jets meet the Riggers at 8 p.m. on Saturday June 9. Also Beta Well will be in St. Albert the following Tuesday to take on the Jets. Both games are in the St. Albert Arena.

## STURGEON FASTBALL

Michaels Catering are still undefeated in Sturgeon Mens fastball action, winning both their games last week. They have now run five straight.

Veteran chucker Tom Reed struck out 11 as Michaels crushed Fairhaven Falcons 21 - 4, last Monday.

On Wednesday Michaels made it five in a row with an easy 12 - 4 victory over Calahoo Chiefs. Michaels leading 5 - 4 going into the sixth inning capitalized on

some Calahoo errors and scored seven runs. Brian Zamisky and George Fraser helped out. Paul Holowayd was the winning pitcher while Ed Kachowski took the loss. Gall Refshauge had two homers for Calahoo.

Other Sturgeon actions saw Fairhaven and Winterburn play to a tie.

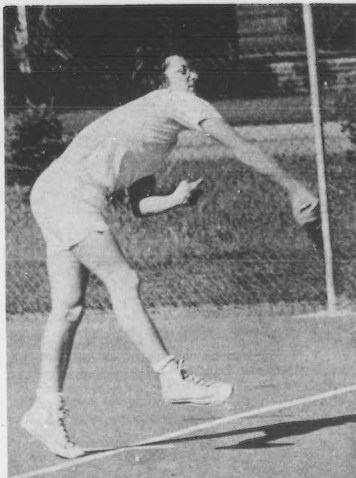

Villeneuve lost 11 - 5 to Stony Plain Playboys and Edmonton Native Sons beat Stony Plain Kings 7 - 3.

## Michaels win exhibition with 1st division team

Michaels Catering fastball team had the night off in the Sturgeon fastball league Monday, giving them the opportunity to play a top-rated Edmonton team.

The results were more than expected as they upset Javelin Jackets of the first division 2 - 0.

Veteran pitcher Dick Bird chalked up the shutout with six strike-outs, while allowing only three hits. His first inning fly also scored Brian Zamisky from third with the winning run. Zamisky also scored the second run by way of another fly ball after hitting a triple.

## St. Albert High Recaptures School Tennis Trophy

Last Tuesday afternoon saw the annual tournament between the two high schools Paul Kane won the trophy last year but were unable

to hold the St. Albert High who were stronger in all five events.

Although they went on to win by five matches to 0, St. Albert High had some very close fought games. Many matches in various events went to numerous deuces and Paul Kane really put up a much stronger fight than the score might suggest.

Girls Singles - Collette Bourgeois defeated Sheila Moffat; Boys Singles - Peter Stanley defeated Miles Pratt; Mixed Doubles - Maggie Bourgeois and Doug Reinhold defeated Allison Argy and Kent Richardson. Girls Doubles - Vivianne Servant and Brigetta Branst defeated Terry Young and Shawn Nuttall; Boys Doubles Gord Grant and Cameron McDonald defeated Jim Hole and Ken Webb.

Cynthia Sage represented the Tennis Club and awarded the trophy donated by the club, to Collette Bourgeois for St. Albert High School.

## Blues Crush Sabers In Stickball Match

Last Sunday saw the second game of stickball played between the St. Albert Blues and the Sherwood Park Sabers. A number of players and spectators crowded the Mission rink to watch the Blues squash the Sabers by a score of 10 to 2.

Les Martin proved to be the Sabers' worst enemy, as he accounted for five of the Blues' markers. Doug Kane fired in two, with singles going to George Coward, Ken Browne and Rick Brennan, who made the final goal.

The Sabers changed net minders three times throughout the game, while Pow-ber Coles played a strong game in goal for St. Albert.

Chuck Gowing and George Dodd came up with the singles for Sherwood Park. More games have been scheduled for the remainder of the season, any person

interested in entering a team is welcome to enquire by phoning Bob or Duff at 459-7001.

## Tennis Calendar

The St. Albert Invitational B' tournament will be held this weekend and the courts will not be available from 9 a.m. Saturday and Sunday. Spectators and fans are welcome and the finals will go about 4 o'clock Sunday.

On Wednesday, June 13, an adult novelty doubles is being held here and all members are encouraged to take part in the tourney and the social hour to follow.

On Friday, June 15, a social evening has been arranged for club members, who are asked to call Cynthia Sage by the 13th if they wish further information.

## Junior Tennis holds opening tournament

The Mission Courts were bustling with activity Saturday afternoon as the annual St. Albert Junior Opening Tournament took place.

The participating juniors ranging in age from 11 to 16 had a full afternoon of competition which saw them play a round-robin to establish finalists for the championships.

Pam Hill and Valerie Green were the only girls present so they elected to compete with the boys and their ability and drive was evident as they more than 'held their own' against the male competition.

In a final playoff, Valerie Green defeated Pam Hill for the girls crown and Cameron MacDonald bested Steven Kirk for the boys title.

All competitors went home happy with club crests and a promise from the St. Albert Tennis Club executive of similar tournaments to be held during the coming season.

All eyes are on the batter in Hercules girls softball action. The game played at Sir George Simpson diamond saw the Dodgers edge the Sluggers 19 - 18 to remain undefeated.

## Around Town

Glen Ward, chairman of the Rodeo Breakfast, sponsored by the Lions and local businessmen, sent out a promotional letter some weeks ago on the project, with a miniature pancake attached. Left in a tray by the window at the Gazette office, that morsel has become as hard as a rock. It may be that Glen has inadvertently stumbled on a technological breakthrough. Possibly council would consider a special grant to the Lions to make up a batch large enough to repair the sidewalks in downtown St. Albert. Anything would be an improvement, and the cost might be low enough that the long suffering merchants of Perron Street could be given a break.

## Cyclists face strong wind

St. Albert Bruin Inn Cycling Club held a 10 mile time trial from the weigh scale on Highway 2 north last Sunday afternoon.

Although there was a gale force wind blowing from the northwest, eight riders started and all finished.

First was John Bryan of Georges Cycle in 27'58". John Rodgers of Georges was second in 29'55" and third was Peter McCaffery of the Bruins in 30'30".

The sole entrant in the schoolboys event was Lonnie Matychuk and he rode eight miles in a very creditable time of 31'50".

The terrific wind produced some startling times back from the five mile turn around to the weigh scale with riders averaging 40 miles per hour plus.

The St. Albert CC's next

event is an evening race tomorrow (Thursday) at 7 p.m. at the weigh scale. Everyone is welcome.

## Calgary Cyclists Win Londonderry Grand Prix

Norman Lowe of Calgary rode to his second win in two weeks when he won the St. Albert Bruin Inn CC's two day event last weekend.

The Londonderry Grand Prix, as the three stage race was called totalled 140 miles and Lowe showed his strength by taking two of the three stages. The third stage, a 35 mile race over 55 laps of Londonderry Shoppers Park was won by Greg Sim of Red Deer, with Norman Lowe fifth, four seconds behind. Sim was second in the other two stages, an 80 mile road race and a seven and one-half mile time trial and finished second, 14 seconds down on the winner.

John Albright of Winnipeg was third, Roy Quade of Regina fourth and in fifth

place was St. Albert's Peter McCaffery.

In the junior event Sandy Harris of Edmonton Cycle finished first with Mike Heitman of Red Deer second and Rudi Ongaro of Alberta Cycle third.

The cadet's race (14 - 16 years) was dominated by the Bruin Inn riders with Ron Moore first and Gary Harris second, 40 seconds behind. Schoolboys event was won by Shane Frahm of Alberta Cycle with Gordon Heacock of Alberta Cycle second.

Thanks should go to Kara Jones and Carolyn Burley of the St. Albert Bruin Inn CC for the good organization, to Phyllis Timperley of Georges Cycle for her help, and also to Londonderry Mall for the \$300 prize list.

ted please register at the pool.

The Mile Swim Award is sponsored by the Alberta Safety Council and anyone interested - or curious - about their stamina and powers of endurance can put them to the test on Sunday. All it will cost is the usual admission fee and if the mile is finished within a certain time, a crest will be available at a small charge. And adults, please don't remain in hiding. There is no age limit but from past experience it would appear that only the youngsters appear to have any confidence in their own swimming ability. It's amazing how many people think they can't swim a mile and then find they can!

No Red Cross lessons are being held next week so there will be additional public swimming from 4 - 6 p.m. from June 11 - 15. As part of the celebration of Rodeo week, a fun relay swim meet will be held on Tuesday, June 12 and public swimming that evening from 7 - 9 p.m. is cancelled. Watch the Gazette and notices at the pool for changes in the schedule.

Registrations for instructional classes in July will be held on Tuesday and Wednesday, June 19 and 20.

In spite of notices posted

at the pool, articles are still being lost or mislaid. As stated: the Town is not responsible for articles left or lost at the pool. PLEASE leave all valuables at home. They can be left at the desk with a member of the staff but it is much wiser not to take them to the pool at all.

Applications for season tickets are still available at the Town Hall. The cost for residents is: Family - \$36; Adult - \$14.50; Student \$12; Child - \$8.50.

TENNIS: Because of the Invitational tournament being sponsored by the St. Albert Tennis Club, the courts will not be available on Saturday and Sunday, June 2 and 3.

"Ladies morning" will be held on Wednesday, June 13 between 9:30 and 11:30 a.m. After that ladies can get together on Tuesdays between 9:30 and 11:30 a.m. without making prior arrangements for a game. All ladies who may find it difficult to get out in the afternoons and evenings are welcome.

Members of the public are again reminded that street shoes must not be worn on the courts.

Work on the new courts on Sunset Boulevard is progressing and they should be ready shortly.

## St. Albert High Grads Mark End Of School

By Jocelyne Durocher

Friday, May 18 marked the formal conclusion of 12 years of hard work as 108 Grade 12 students of St. Albert High School took part in their graduation celebrations. After a group picture

was taken, an afternoon mass, concelebrated by Frs. Joly, Levangie, and Duchesneau was held in the Roman Catholic Church. The grand march was played by Mrs. B. Kennedy, while John Antle provided music

throughout the mass. Readings and intentions were made by graduates June Borje, Connie Savole, Mike McNelly, Debbie Brennels, Lea Shelemey, and Jocelyne Durocher.

During the exercises, which immediately followed the mass, greetings were given from the town by Mayor R. Gibbon, from the assistant superintendent, Mr. G. Soetaert, and from the School Board by chairman, Mr. E. Howrish. Master of ceremonies, Mr. R. J. Johnston, principal of St. Albert High School, then introduced Miss Elizabeth Gorka, who gave a delightful account of the class' 12 years in school in her class history. Valedictorian, Miss Marieta Bodez followed with a moving speech given

on behalf of the 1973 graduating class. P.I.T.C.H., under the direction of Fr. U. Duchesneau then provided entertainment. Mr. P. Lockert, Mrs. A. Dixon, and Mrs. C. MacMillan concluded the exercises with the presentation of the scrolls.

Three hundred and sixty grads, parents, teachers, and friends then proceeded to the B-naventure Motor

Hotel for the graduation banquet and dance. The banquet was opened with the grace led by Fr. C. Levangie, and was capably emceed by Student Union President, Barry Learning. Toasts were presented to the Queen by Joe Downie, to the School Board by John Hauptman, to the graduates by a parent, Mr. P. Shelemey, to the parents by Sharon Willas, to the staff

by Steve Hoffart, and to the graduates by an undergrad, Allan Tullock. The dance, with music by "The Emeralds" completed a very successful day.

Now, the 108 students are looking ahead to their final examinations, after which most of them will take at least a few days off before starting work for the summer and continuing their education into the fall.

## Free Dog Demonstration set at Pat's in Sturgeon Plaza

Dog owners of St. Albert and surrounding area will be glad to know that there's a special treat in store for them at Pat's Livestock and Pet Supplies June 9 from 10 to 12 a.m. and again from 2 to 4 p.m. The treat is going to be a free dog-grooming demonstration and also a free evaluation of your pet by a group of Canadian Kennel Club experts.

Pat Kane, owner of Pat's Livestock and Pet Supplies, located in the new Sturgeon Shopping Plaza and his buddy Bob Symon of 34 Fleetwood Cres., champion dog breeder, conceived the idea of promoting this event when they came to realize that many residents of this area own noted breed dogs.

From that point, the two guys just developed the idea to the point where it's going to be quite a significant event. The program will commence June 9 at 10 a.m. when dog owners will be cordially welcome to bring their dog, take in the grooming session, have their pet evaluated and also meet other dog-lovers, exchange ideas, view the array of trophies which will be on display. All this is being offered for free along with lots of coffee.

Mrs. Eleonore D. Grant, founder of the famous Seafield Cocker Kennels in Edmonton, also noted all-breed judge with the Canadian Kennel Club, licensed for 32 years and a member of the CKC for 37 will be present during the entire event June 9th. Mrs. Grant will participate in the grooming demonstrations and will also take part in the free pet evaluation.

Mrs. Grant is also a past-president of the English Cocker Club of Alberta. During the two sessions on June 9, between the hours of 10 - 12 a.m. and 2 - 4 p.m., five different breeds of dogs will be shown and groomed. These will include:

Canadian Champion Samoyed Klanci, top winning Samoyed in 1970, owned by Mr. and Mrs. Robert Symon of 34 Fleetwood Cres., and handled by Jud Symon of Edmonton.

Canadian Champion Gayanne's Velvet Hammer, a Yorkshire Terrier who received his championship rating in Edmonton earlier this year and owned by Mr. and Mrs. Gordon Wentworth of 15 Linwood Cres., St.

Albert. The other three dogs on display June 9 will be: Maple-Bell's Wee Bruno, a Dachshund, owned by Dr. and Mrs. George J. Cotter, 2 Bellevue Cres., St. Albert and two poodles Clond-chaser's April Showers and Wadditch Silver Courtier owned by Mrs. Doris Cetherill of Edmonton.

Registration forms will also be available for dog owners interested in forming a kennel club here in St. Albert.

Charter night for this bright group of young men was May 24 and on that occasion the club was formed and received its charter. Subsequent meetings will be held every second Monday of each month at 6 p.m. in the Bonaventure Motor Inn. President of the St. Albert Progress Club said that meetings will be held in the St. Albert Motor Inn soon as Mr. Shapiro opens his new premises later this summer. Left to right: B.B. Symens, John Epp, Don LeDrew, John Crozier, Dan Nadon, Western Governor; Terry Dawes, Jim Bellintyne, president; Bill Sawchuck, Al Goodkey, Richard Tougas, Keith Davidson and Ivan Sauve.

A blazing fire, good food laughter, and fun were the order when the UCW held a barbecue recently at the home of Dr. and Mrs. Cuts. With each unit of the group taking different aspects of the program, all members were able to enjoy the evening. Getting together at this time of year at Cuts' has almost become an annual event for the UCW and the members would like to thank them for sharing their beautiful yard.

## Chevaliers celebrate Golden Wedding

By Flo McGinnis

Fiftieth wedding anniversary celebrations were held on May 30th, honouring Oswald and Annetta Chevalier of Morinville. Family and relatives from all parts of Canada and the U.S.A. gathered at St. Joseph's Hospital Auditorium during the afternoon to toast the bride and groom of 50 years. Further

celebrations were held at Morinville in the evening with family and friends from Clyde enjoying a Steak Barbecue.

Born Annetta Seantland, daughter of David and Anna Seantland, on June 6th, 1906 in Escanaba, Michigan, U.S.A. and Oswald Chevalier, son of Maxim and Clara Chevalier on February 2nd,

1902 in Clarence Creek, Ontario, the happy couple were married in Billman, Saskatchewan. The Rev. Father Granbols performed the wedding ceremony on May 30 1953 in the small southern Saskatchewan town.

Annetta and Oswald homesteaded in Reliance and Vanguard, Sask. from 1923 till 1934 when they moved to Thorhild, Alta. and farmed there until 1938. A new home was built at Clyde, Alta. In 1938 and the couple farmed there until their retirement in 1966. Now living in Morinville, the Chevaliers have three surviving children: Muriel Bugie of Whitecourt Alberta; Richard Chevalier of Summerside, P.E.I.; Margo Baustad of Sylvan Lake, Alberta. There are 11 grandchildren and two great grandchildren.

For the afternoon celebrations the bride of 50 years chose a long navy floral gown enhanced by a white carnation corsage. The table was decorated with a tiered wedding cake, beautifully decorated and flanked with gold tapers. Floral arrangements of mums, daisies and carnations added to the spring party. Son Richard made the toast to the bride and groom while vocal and piano selections were rendered by Father Burke. Gifts of a family ring for their mother and a matching tie clip for their father was presented by the children. Two matching occasional chairs were presented to the couple by family and friends.

Congratulatory messages to Mr. and Mrs. Chevalier were received from Prime Minister Trudeau, Robert Stanfield, Gov. General Mi-

cheener, John Diefenbaker, Premier Loughheed, Lt. Governor MacEwan, Bishop Poy and Dan Hollands, MP.

Attending the golden wedding celebrations were Edgar and Dora Chevalier of St. Petersburg, Florida; Alise Levasseur of Langlay, B.C.; Isabel and Orphil Legault of Val Marie, Sask.; Mrs. Eva Legault of Pontefax, Sask.; Odelle and Ubald Chevalier of Morinville. All the three surviving children were in attendance as well.

It was an extremely happy occasion for Annetta and Oswald as everyone wished them well and expressed hopes for many more happy years together.

## Bilodeaus mark 25th Anniversary

By Jeanne Laplante

Some 200 relatives, neighbors and friends gathered at the Vimy Community Centre Saturday, May 25th to congratulate Mr. and Mrs. Jos Bilodeau who were celebrating their silver wedding anniversary.

The honored couple, accompanied by their immediate families and guests attended church services officiated by Rev. L. Viel. Renewal of marriage vows highlighted the services and Mrs. Mary Bernard played the organ.

Following the services a social evening of dancing and refreshments organized by the family was enjoyed by all. A buffet supper was served where the head table was centered by a three-tiered wedding cake. Mr. Art Lanouette was master of ceremonies for the occasion and recalled fond memories of 25 years gone by. He also introduced the head table which included their bridesmaid Mrs. Gertrude Gagne and best man Ray Lanouette. Jos and Lillian have been

living on the Bilodeau home place since their marriage which was solemnized in Vimy, Rev. F. Sullivan. They were blessed with eight children, namely, Yvon and Robert who are professional hockey players, Lorraine (Van de Lagamatt), Sylvia, Gilbert, Arthur, Rita and Joe Jr. They also have one granddaughter and two grandsons.

The happy couple are grateful for such a lovely celebration and expressed deep gratitude for the purse they received marking this memorable event.

## Sociology Class Hears MLA On Censorship

Students of the Sociology Class at St. Albert High heard MLA Ernie Jamison last Friday speak on censorship. Miss Lucille Bell's students also had an opportunity to ask questions of the MLA, ranging from "how can we apply for a job on the censorship board?" to "Is our society becoming more or less permissive?"

Mr. Jamison told the sociology class that no changes in legislation regarding censorship in the province have been made and that Alberta was still functioning under the former legislation. He did however point out that in 1971 he was appointed chairman of a select committee of nine members of the legislature. Mr. Jamison told his attentive audience that the select committee had visited seven Canadian Provinces, where they compared censorship legislation, with the Act in effect in Alberta. Hearings were also held in Edmonton and Calgary Mr. Jamison said, and these submissions have also been considered in the report tabled in the Legislature during the 1972 Fall

Sitting.

"This report," Mr. Jamison said, "may come up for debate during the Fall Sitting and of course it's premature to say how it will end up."

In concluding his talk, Mr. Jamison reminded the sociology class that movies fell under four categories namely: Family, Adult - 16 years; Adult - not suitable

for children under 16 years and Restricted Adult, rated "X" shown only to persons 18 years of age and over. "Therefore," Mr. Jamison pointed out, "I would like you to take note that it is the owner of the theatre who is liable and not the film producer or the distributor and actions come under the criminal code of Canada."

There were about 25 St. Albert young people and adults who attended a recent Water Safety Instructors Course at the West YMCA. Sponsored by the St. Albert Safety Council, and the YMCA, this 40-hour course offered Red Cross Society, Royal Life Saving Society and YMCA instructor and leadership training. Many of those who received awards participated at Camp Lacombe, Grosvenor Park Pool, Grandin Village Pool and the West YMCA.

## "Cash-Flow is the modern way to borrow, based mainly on what you earn — not what you own."

Says Robert D. Thomas, TD Manager, St. Albert

To get a loan, a few years ago, you pretty well had to own things—like a house, or bonds, or other securities.

Now, however, times have changed. And at Toronto Dominion, we're glad of it.

Today, when you come to us for a loan, we look at your earnings and expenses—or what we call your "Cash-Flow".

To work out your Cash-Flow, simply write down how much you earn, and how much you pay out in fixed expenses. What's left over is the money you can afford to spend, or save, or pay back in instalments when you want to borrow.

Cash-Flow is a realistic guide to how much you can comfortably borrow. It can put the things you want within your reach.

For help in working out your Cash-Flow, see us any time. We'll show you how you can put it to work to get those things that are important to you.

## Help Society hosts dinner

On the evening of May 23 in the United Church basement a dinner was held to honor volunteers who have given many hours of service

to the Mother's Day Out program during the last few months. It was hosted by the Board of the St. Albert Help So-

cety, with special thanks to Mrs. M. Dolphin, who convened the affair, a buffet dinner, donated by Board members, was enjoyed by all.

Mrs. Linda Kuz, president of the Help Society, introduced the Board members and thanked the volunteers for their dedication. She introduced Rev. Noel Gordon, who gave an address on "Community involvement" which expressed the feelings of those who enjoy sharing life with others.

Reverend Len Musto was able to stop by briefly and the Society was so pleased to be able to thank him in a small way for his interest in the program and his co-operation in making the premises available each week.

The Board of the Help Society enjoyed the opportunity to host this evening and thank those people who had given so generously of their time. Unfortunately some were unable to attend and heartfelt "thank you!" is also extended to them.

## Massacre remembered and R. N.W.M.P. role

The Cypress Hills Massacre, an event infamous in Canadian history, will be commemorated June 1st. Though tragic, the massacre emphasized the need for a law-enforcing agency in the West, and later proved the impartiality of the North West Mounted Police.

The centennial ceremony is to take place at the site of the massacre near Maple Creek, Saskatchewan, starting at 1 p.m. A plaque will be unveiled by Senator Sidney Bachwald, representing the Hon. Jean Chretien, Minister of Indian and Northern Affairs. Attending will be representatives from Indian and Historical groups and three levels of government.

The massacre took place in late spring of 1873, just east of Battle Creek on the Cypress Hills of southern Saskatchewan in what is now a portion of Fort Walsh National Historic Park. In the

attack on a near-defenceless Assiniboine camp by American and Canadian wolf hunters, at least 20 Indians were killed, including women and children.

The episode hastened the recruitment of the North West Mounted Police, formed barely a month earlier. However, it was not until the summer of 1875 that a patrol was able to leave newly-established Fort Walsh to go to Fort Benton, Montana to make any arrests. A "trial," held in Helena, Montana, that year acquitted the men charged with the murders and in fact, acclaimed them heroes.

Finally, in June 1876, three years after the massacre, the North West Mounted Police obtained the extradition order they needed to take a number of the alleged murderers to trial in Winnipeg. It was this

persistence that earned the Force its reputation for tenacity.

No convictions resulted from the Winnipeg trial, owing to a lack of sufficient evidence. The action, however, did convince the Indians that the Force was an impartial one and that the new peace officers were to be trusted.

New evidence of the circumstances surrounding the massacre may have been uncovered recently through archaeological diggings at Solomon's post by the National Historic Sites Service. A skeleton has been found which is likely that of the only white man killed in the battle. The find gives more credence to early reports of the incident, particularly as the remains were found precisely where witnesses at the time claimed they had been buried.

Nineteen youngsters ranging in age from three to five years old appeared to be enjoying their first Bilingual Storyhour last Thursday. Sponsored by the St. Albert Public Library and the Cultural Co-ordinating Committee, this series of six one-hour French-English sessions are being held in an effort to assess the response in St. Albert and if sufficient interest is shown, the series will be continued during the winter months. To all appearances, the series got off to a good start and will be continued. Above can be seen Mrs. Florence Lefebvre leading the tiny tot class in a French/English folk song. Mrs. Marg. Broten and Mrs. Jacqueline Morrisette also take over the classroom and each teach a segment of the one-hour session.

## Chamber To Present Film By RCM Police

The president of the St. Albert and District Chamber of Commerce, Harry Cochrane cordially invites all members and potential members to attend the next business meeting scheduled for Tuesday, June 12.

At this special Chamber of Commerce meeting, to be held at 8:30 p.m. in the Legion Hall, a film will be shown on shop-lifting, and means to curb this modern-day problem. The film as well as a question and answer period will be featured by a specialist from the RCMP 'K' Division, Edmonton.

Mr. Cochrane told The Gazette that he and his executive hope that a good number of town and district residents will attend this meeting and participate actively in Chamber affairs.

## Creative writers working hard

As the Creative Writing class moves into the fourth week of its 10 week course, the writers are finding their work more demanding. The instructor, Mrs. Margaret Johnson, is skillfully matching new challenges to the awakening talent and enthusiasm of her students. The scripts produced as a result have a high standard and she is quick to point out which could be saleable.

Saleable or not, the class finds each script entertaining and thought provoking. In learning to be constructively critical of other scripts, each writer is being taught to analyze his own work.

A personal dramatic experience is the next hurdle and, "just to think about now" is a juvenile story for a future assignment. The latter could be a formidable task as with competition from mass media, children's literature requires careful craftsmen.

New writers have joined the group each week to bring the total to 17. Anyone interested can call Mrs. Florence Lefebvre at 459-7030.

Elaine Wandler of 52 Gordon Crescent will be one of the approximately 500 competitors expected from Western Canada at the July 2nd Highland gathering at Jasper Place Bowl. Events include dancing, piping, drumming and children's sports. A highlight of the day will be a parade of massed bands.

## B & L Plumbing Moving To New Premises On Riel

A prominent plumbing firm located on Perron Street for over three years will move into its new plush premises at #6 Riel Drive about the middle of next week. B & L Plumbing Co. Ltd., owned and operated by Wayne and Sandra Law has outgrown its rented quarters at 11 Perron St., and decided to put up their own building.

Construction on the new B & L Plumbing Co. Ltd., structure started early this Spring and at present workers are putting in the finishing touches to the one-storey all-concrete edifice. B & L formerly operated their thriving plumbing business in 1,150 square feet of floor space but due to gradual growth of the firm, including more personnel, stock and service vehicles, large quarters became a 'must' therefore Wayne and Sandra decided to build.

"Our new building," Wayne said, "covers a total of 5,000 square feet of floor space. We'll occupy 3,600 square feet of the new premises and lease the remaining 1,200," he revealed. Mr. Law explained that his new premises on Riel Drive (formerly Lakeview Dr.) will be more than adequate for his business and will allow room for further expansion.

Both Mr. and Mrs. Law agree that they're very an-

Wayne Law, owner of B & L Plumbing isn't really angry 'or messin' for aight as this picture may suggest. In fact Wayne is a heck of a good guy and was especially cordial to the Gazette photographer Monday morning when the picture was snapped in front of B & L's new premises on #6 Riel Drive. Wayne was just getting ready to enter his new building when a gust of wind caught him off-guard, mussed his hair and everybody can see the results. Anyway B & L Plumbing will move into their new premises next week.

xious to be settled in their new premises along with their staff of eight employees, complete stock of me-

chanical contracting supplies and their fleet of six radio-equipped service vehicles.

# What is a Town?

## A Town is a group of people

It is a school  
It is a Town government  
It is churches  
It is industry and jobs  
It is retail businesses

They all have to work together. All must have the support of the people. Or there is no Town.

Give your local merchant a chance for your business. You shouldn't spend your hard earned money with him unless his selection is adequate and his price competitive. But give him the first opportunity to make the sale.

For the local retailer pays the highest percentage of local taxes. He most often is the civic leader who dedicates his time and talents to his Town. He is the one contacted first for contributions to charitable projects. He provides jobs. Without his store you have no Town.

## Report From Parliament Hill

By Stan Schellenberger  
(PC-MP Westastwin)

No more emotional subject can be found in the current Canadian issues, courtesy of the 29th Parliament, than that of Bilingualism. The issue strains and pulls

at the fabric of our Dominion, reaching back to the oldest historical conflicts, reaching now into our greatest national peril, reaching forward into the very survival of Canada in the future.

I believe that the emotions

engendered, while real and honest, can and should be defused. I believe that the talk of 'catering to Quebec' and 'forcing everyone to speak French' is inaccurate, and that the real thrust of the bilingual programs

of the past: to enable our French-speaking friends to deal with the Federal government in their own language, and to guarantee the equality of the languages before the Federal courts and in Parliament, are non-

controversial. They also allow all Canadians to progress within the Canadian Civil Service. None of these concessions touch most of us: only the attitudes which have sometimes been stirred up as their result.

In what can be considered a less-than-helpful step towards defusing the issue, and getting on with much more important subjects - unemployment, food prices, education, and so on - the Prime Minister has placed on the Order Paper of the House a motion which we will discuss shortly, a motion containing nine principles by which the Bilingual policy of the Government is to be implemented in the Public Service.

Any motion which comes before the House is debatable, and you can imagine the kind of debate any resolution on this subject leads to: it gives rise to expression of emotions and thoughts not helpful to the unity of Canada; it allows for misinterpretation and ill-will between men who, having strong convictions, honestly rise to put their case. But will it help find the five per cent of Albertans who are out of work a job? Will it lower the price of roast beef? Will it employ your son or daughter this summer?

One would think that a Prime Minister claiming to have the whole country's interests at heart would avoid this politically-clever manoeuvre, and not try to underline the divisions that are known to exist within the country on this subject. To exploit the nine principles in the hope of exposing divisions within the Opposition parties is to risk splitting the country down the middle to accomplish - nothing.

To my mind, the two founding cultures of Canada will co-exist happily in the proportions to which they understand each other: through looking at one another's films, reading one another's literary masterpieces, speaking to one another, visiting and learning together.

I resent the forthcoming resolution, although it contains admirable principles and I will vote for it. Where do you stand? How do you feel? I look forward to your written comments on this column; send them to me, post-free, in Ottawa.

## 2500 Alberta children are waiting for your call

Being a Foster Parent isn't all fun. But being a homeless teenager is no fun at all. If you have room in your home — and a place in your heart — why not think about giving some meaning to the life of a lonely youngster. You'll meet just the same problems as you might expect from your own child. But you'll enjoy the same rewards, too.

## More Festival winners

Further fine performances by local musicians in the Kiwanis music festival have come to our attention thanks to interested residents calling the Gazette.

Students of Mrs. Merla Alkman, Georgia Place, turned in a fantastic performance and Mrs. Alkman admits she is very proud of them. Grayce Turner competing for the first time, won the Senior Grand Award in Voice for the festival and Janet Nichol was the Junior Grand Award winner, going on to win the Provincial competition at Banff. Marilyn Stetsko of Redwater age 13, was awarded the festival's top mark in voice, a 94. "I just couldn't believe this performance" said the adjudicator, who had never given this mark before.

Diane Conway, a St. Albert pupil of Mrs. Alkman won the dramatic soprano class and two third placings, in open opera and oratorio. Ron Costley, formerly of St. Albert won first in male opera class and first in opera duet. Robert Hillan won the open oratorio. Robert Hallan and Grayce Turner with marks of 90 and 89 won the open Canadian composers classes for seniors, both doing songs by Violet Archer. Nineteen year old Mary Lou Burke won the contralto and mezzo and open obligato classes, the latter for 21 and under. In all Mrs. Alkman's students won \$900 in scholarships.

Other local winners were Shelley Buma, first in girls vocal 6 - 7 years, solo and second in girls folks songs, 10 and under. Richard Lukay

won first in boys vocal solo 17 and under. Alan Scott placed first in three years study violin class. Both Richard and Alan are pupils of Mrs. Rich Schuchard, whose Balmoral Balladeers won second in the community singing class.

## Parish Kindergarten

Pupils of Mrs. Shaver's Parish Kindergarten classes enjoyed themselves along with the other two classes at Lions Park, Wednesday, May 16, as a wind-up of the year's activities. Parents, as well as the children were treated with hot dogs, drinks and ice cream. Friday, May 18, was the closing day of classes.

During the year, the pupils

enjoyed field-trips to the St. Albert Fire Hall, St. Albert Library, the Planetarium, the Provincial Museum, AGT Towers, Storyland Valley Zoo, Lacombe Museum and the RCMP display. Classes were also visited by a dental hygienist from the Sturgeon Health Unit and by Mrs. Allison who presented a charming puppet show.

## Convention reflects Knights concern

A resolution was approved at the Knights of Columbus convention during the latter part of May in Olds, will establish a Canadian office of the KCs in order to give them 'an active and intelligent voice in matters that concern Canadians in Canada.

A resolution reflecting the Knights pro-life attitude and concern, supported the new provincial legislation requiring that child-beating cases be reported. Companion resolutions, also approved, deal with establishing a Columbian Squirrel program under a new provincial director, and urged training sessions for youth directors and counsellors in the Squires and Squirrel programs. The Knights Provincial Council will further action toward getting a religious education course in Alberta universities, under another approved resolution, and they are committed to consider what assistance they might give to remedy the lack of vocations to the priesthood.

Proposals on financial assistance which were tabled for a year included action on a 1972 pledge of

\$25,000 over five years to St. Joseph's Seminary.

The defence of unborn human life and the Knights anti-abortion campaign were highlighted at the convention by Dr. Heather Morris, a practising gynecolo-

gist and obstetrician, who is president of the National Alliance for Life. Her spirited address which brought out all the current arguments on the subject earned her a standing ovation.

## Evangelist coming to Edmonton

Most professing Christians believe God's kingdom to be in heaven. "Not so, according to the Bible" says Albert J. Portune, one of the leading evangelists of the Worldwide Church of God.

Portune, who will be in Edmonton June 9 and 10, will spend two full evenings using the Bible to show how "God's government will rule the earth in the future.

Portune is a close associate of TV commentator-evangelist Garner Ted Armstrong. He was recently asked by Armstrong to share his public speaking commitments, and the appearance in Edmonton is an outgrowth of that request.

Al Portune has been a part of the Worldwide

Church of God for 20 years. Prior to that, he was a successful businessman who had become disillusioned with a world he felt lacking in true values and satisfying, sound goals.

After graduation from Ambassador College in 1960 as an ordained minister, he went on to obtain his master's degree and became an associate professor of theology.

At the downriver town of Obidos, the Amazon is 1 1/2 miles wide and 200 feet deep, channeling 10 times the Mississippi's volume at Vicksburg, where that river is a third of a mile wide and 70 feet deep, National Geographic says.
